Reviews

Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.

(Prof. Damon Kautzer III)

EINSTEIN: VISIONARY SCIENTIST

Clarion Books, 1999. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This is a thoughtful and well-written biography of Einstein, a complicated man whose life and work Severance chronicles clearly and firmly." Kirkus Reviews Einstein's life was marked by contrasts: he was intellectually bold but emotionally diffident, a pacifist who supported the Allies, and a devoted husband (the second time) who was all but estranged from his children. Severance follows these conflicting trails, showing his subject as he moves from failing student to pioneering researcher, from scientific novelty to icon. The author valiantly reports Einstein's movement up the academic ladder and adequately describes his theories, but he's most successful when he addresses Einstein's celebrity. As the scientist's revolutionary ideas gained acceptance among colleagues, they began to be (mis)reported in the daily papers. It wasn't long before people who didn't understand a thing he said were filling lecture halls to hear him speak. Researchers will find this a helpful resource. Booklist, ALA Any writer faces a formidable task in trying to contain the genius Einstein within the pages of a book, especially a short biography; whatever the author writes serves only to accent the magnitude of the man and his ideas. To the credit of Severance (a biographer who has already tackled two legendary twentieth-century figures with Gandhi [rev. 5/97] and Winston Churchill [rev. 7/96]), he opens with an attempt to place Einstein in history, a history that begins properly with Galileo and one that, Severance avows, will continue to move with yet more astonishing velocity into the new millennium. Engravings of Galileo and Newton set the stage for the superb archival photographs that reveal the private Einstein in his youth and the extraordinary ruffled image of the older Einstein who was often baffled by...
