

On the Edge of Scarcity: Environment, Resources, Population, Sustainability and Conflict (2nd)

By Michael N. Dobkowski, Isidor Wallimann, John K. Roth

Syracuse University Press. Paperback. Book Condition: new. BRAND NEW, On the Edge of Scarcity: Environment, Resources, Population, Sustainability and Conflict (2nd), Michael N. Dobkowski, Isidor Wallimann, John K. Roth, These essays address one of the most pressing and significant issues that humanity has confronted to date - the lack of life-sustaining resources. Michael N. Dobkowski and Isidor Wallimann establish a disturbing but realistic scenario of the disastrous future that awaits humankind as surplus populations collide with dwindling resources. Authors consider a number of cause-and-effect situations on industrialization, biophysical limits, exponential population growth, and genocide, to name a few. This volume is a critical contribution to the field and will serve as an ideal introduction to courses in the environment, population, resources, genocide, and social conflict.
